Who Knew Peace Of Mind Was As Simple As Pressing A Button?

Studies have shown that people are more likely to return to independent living after a fall if help comes quickly. **Walgreens Ready Response** provides access to emergency help around the clock.

With a Walgreens Ready Response Medical Alert System in your home, you have a link to our Emergency Response Center that gets you the care you need, when you need it. Whether you need a helping hand from a neighbor or emergency assistance, The Walgreens Ready Response Service provides help at the press of a button.

The Walgreens Ready Response™ System Provides:

- Secure, independent living
- Monitoring 24 hours a day, 365 days a year
- Assistance at home, which may help postpone the need for costly living assistance options
- Peace of mind when family or friends can't be there

KEY FACT

1 out of 5 falls causes serious injury such as a fracture. - CDC

Walgreens, The Brand America Trusts.™

For over 100 years, Walgreens has been committed to providing the highest standard of customer service and high quality products.

Your Profile is **On File.**

When you subscribe to the Walgreens Ready Response Medical Alert Service, a personal profile is created in our secure database. This profile enables us to respond according to your directives, and includes:

- A list of responders such as family, friends, and special emergency personnel
- Specific response directives that you want us to follow

Even if you are unable to speak, our Emergency Response Center Agents know who you are, where you live, and who to contact.

Experience Is Our Middle Name.

Our partner Connect America with over 50 years experience in the industry, is the world leader in remote care and safety monitoring. Connect America provides unparalleled national monitoring services and adheres to strict standards for training and monitoring response protocols.

We Speak Your Language.

The Emergency Response Center maintains a full-time bilingual staff to meet the diverse needs of our customers and their caregivers. In addition to English and Spanish Emergency Response Center Agents, we utilize language translation services so that every subscriber can communicate with ease.

KEY FACT

1 out of 4 people, 65 or older fall each year. - CDC

How Does The Walgreens Ready Response™ System Work?

It's as easy as **1, 2, 3.**

1

When you need assistance or are concerned about your safety, simply press the button on your fall detection pendant. (Fall Detection Pendant shown)

2

Emergency Response Agents are available 24-hours a day and are ready to handle your call.

3

Emergency Response Agents have access to your personal profile and will speak with you over the device to identify the assistance you need. Even if you are unable to speak or cannot be heard, we know who you are, where you live, and who to contact. Whether it's an ambulance, family member, or neighbor, with Walgreens Ready Response Medical Alert Service the right kind of help will be sent.

DO I NEED A 2ND BUTTON?

Over 30% of falls occur in the bathroom; ordering an extra fall detection button can provide more additional peace of mind.

KEY FACT

Studies have shown that people are more likely to return to independent living after a fall if help comes quickly.
